OEM Product Support Bulletin No. 25

DATE:	Septe	mber 17, 2013 (revision date)				
SUBJECT:	SWIN	G BRAKE LOCKOUT KIT		Kit Part #:	Q1602868	
RATING:		DIRECTIVE Action is required)		ALERT (Potential Problem)		
		NFORMATION Action is optional)	X	PRODUCT IMPRO (Enhanced Product)	OVEMENT	
Machine Model (s):	American Model 5030-DE Locomotive Crane					
Serial Numbers:	Optio	Optional Kit				
Summary:	Keeps Swing Brake released for certain applications					
Operational Impact:	If the crane is transported with the boom attached and resting on a saddle mount on an idler car the upper structure needs to rotate free to negotiate turns.					
	>	This kit allows an override of the standard "spring applied" swing brake.				
	>	The brake is shown in the from the cylinder, the pengages the brake band.		•		

- The modification kit consists of a new brake spring housing, which incorporates 2 additional lugs that can be tightened to retain the spring when it is compressed.
- Locking the spring prevents the brake from engaging.
